

A.C.E. EXPO 2008

Alternative Construction and Energy Exposition

Alternative Construction and Energy Exposition A tri-county sustainable building event

When: October 24-26, 2008

Location: Santa Cruz County Fairgrounds

Description: Largest green and sustainable building event in the tri-county area to date

Who: Architects, Product Suppliers, Builders, Landscape Architects, and Energy Providers

PURPOSE:

To present information on sustainable alternative techniques and materials for affordable, environment-friendly construction, energy and landscaping systems through interactive demonstrations, discussion forums and product resource booths, and in the process build community and legislative support for such alternatives.
