Q&A: Part One

1. **How do each of these pieces relate?**
2. **How can we make them consistent/streamlined?**
3. It's 2015, the Monterey Bay Area has adopted an SCS and every city has adopted a qualified Climate Action Plan. Imagine you are working on:
 - *A development proposal for a mixed use project near transit*
 - *Converting an express bus route to a bus rapid transit line*

How do each of these pieces affect you and your project?

Thank you!

Please remember to fill out your evaluation form.
